Learning on Tribe

The Essentials!

tribe

Learning on Tribe

Learning is something we can all benefit from, whether we are caring for a family member or if we are a micro support provider or a volunteer.

The Tribe learning is available either in the App or the website, if you need support creating an account check out - Accessing the Learning on Tribe

Tribe learning contains a whole host of courses and resources, from a wide variety of providers so hopefully there is something for everyone.

There are specific courses for Carers created by Carers UK, there is a volunteering course co-created by Helpforce and Skills for Care, there are social care video based courses from Social Care TV and there are other courses that are not care related from Skills Boosters.

There are over 50 courses available and we recommend completing the ones that are relevant to you and the people you support, you don't need to complete all of the courses, our mission is to provide a wide range that cover most situations and circumstances.
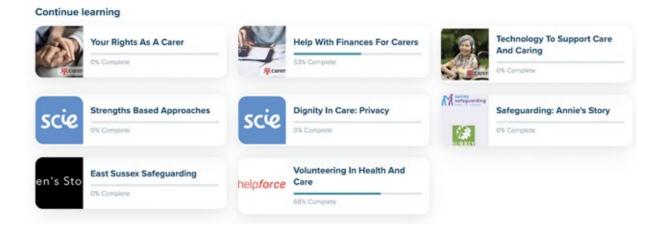

There are a variety of learning methods, some courses are video based, some are traditional eLearning and some courses include podcast style audio downloads, so you can learn on the go, wherever and whenever suits you!

Learning is a journey...

When you complete a course your 'Learning Journey' will update automatically. The system also remembers your progress through each module and shows which ones are "in progress" (with a percentage indicator) below.

Learning Journey

| 3 Completed | 8 Ongoing | 2 Certificates |

Continue learning

Your Rights As A Carer — 0% Complete	Help With Finances For Carers — 53% Complete	Technology To Support Care And Caring — 0% Complete
Strengths Based Approaches — 0% Complete	Dignity In Care: Privacy — 0% Complete	Safeguarding: Annie's Story — 0% Complete
East Sussex Safeguarding — 0% Complete	Volunteering In Health And Care — 68% Complete	

You can download your certificates by clicking on the "certificates" button, but we recommend that you share your profile with people you support (or are going to support) so they can see your certificates.

You can also upload certificates if you have completed an external course, like a specific local safeguarding course or a moving and handling course, that includes an observation of practice.

Most of the courses only take minutes to complete, although some are longer than others depending on the topic.

Look out for links to additional resources so you can dig deeper into a topic if you want to.

Coming soon!

Some of the courses we have on our to-do list include CQC Guidance, HMRC Guidance, Lone Working, Dementia, specific conditions, Tribe 101, starting a micro business and help with finances.

If you need support please get in touch at **support@tribeproject.org** and if there is a course you would like us to add or one you would like to help us build, just let us know!
